# The Law Of Avoidance: And Chasing After Ghosts

Author:
N. M. A. Burman

A Favorite.

6/16/22

Dreams: An awkward Dream. A little girl sitting besides me.

11:00 am

Zog

I woke up very late again, However I did not take the Dr.'s Medication, Except it is Drs Medicine I took some mm cookies & chocalate. about 10 doses. I was high last night. I streamed my VR on Facebook.

I will stream again tonight.

But tonight is also Kareoke.

I am planning on going to kareoke.

I was high all day after 4:20pm.

I went to kareoke but did not sing

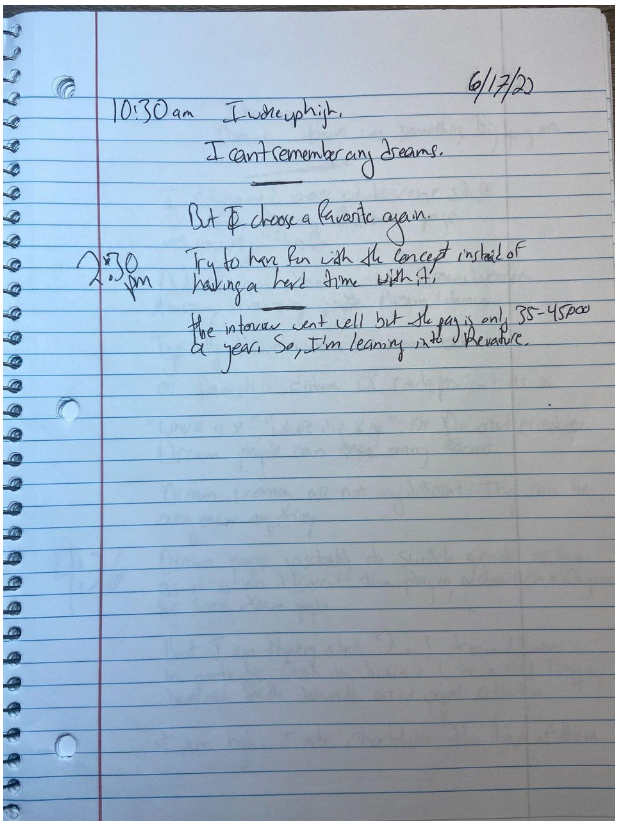
I just chilled there. I ate at backstreets.

It was kinda like I had a Dream girlfriend there.

Sometimes it felt that way.

This day I choose her as my Favorite.

I actually Chose a Favorite



6/17/22

10:30 am I woke up high.

I cant remember any dreams.

---

But I choose a favorite again.

2:30 pm Try to have fun with the concept instead of having a hard time with it.

---

The interview went well but the pay is only 35-45,000 a year. So, I'm leaning into Revature.

6/18/22

10:30am I'm up.
Dreams. there was something big going on.

---

I streamed more clubbscene stuff.
in VR to my facebook page.
its in my "Story".

But I am thinking about Dream Women.
Amazing amazing people. Dream Women.

Typically Dream women are mean bitches.

or Damsels in distress. Or codependent as in

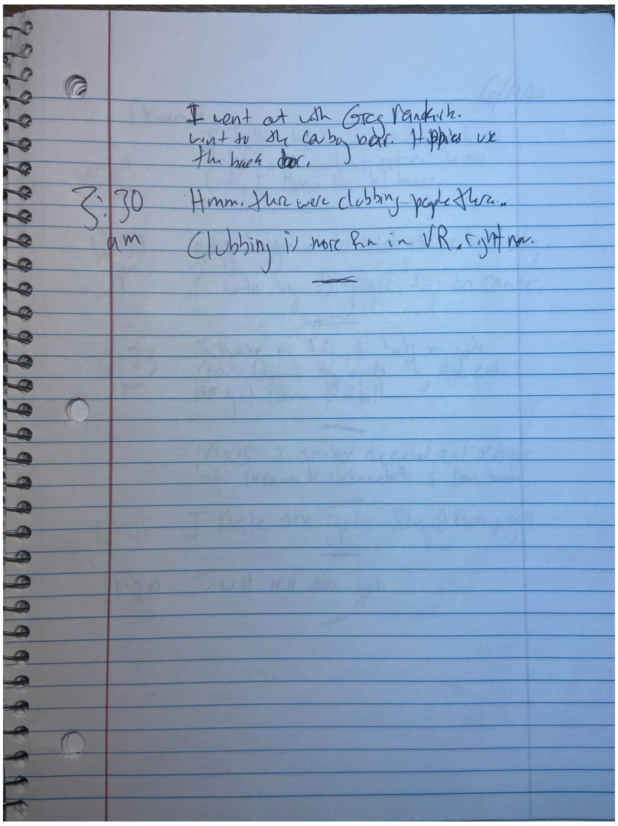
"where is X", "where did X go". Or Powerful creatures.
Dream people can take many forms.

Dream women are not any different. They can be
anyone or anything.

4:26 Dream people probably do switch genders or Sexs
as it is no different than playing a character in a Videogame.
for some dream people.

But I am thinking about 2 or 3 dream women
in particular. Gosh my brain is like a reed flapping
back and forth towards other people's attention.

I am high. I ate chocolates. the last of them.



I went out with Greg Vandkirk.
Went to the cowboy bar. Hippies use
the back door.

3:30 am Hmm. There were clubbing people there...
Clubbing is more fun in VR, right now.

6/19/22

Dreams:

9:39 am
I felt like I was at the club all night and couldnt get a dance. Like, I know How to dance.

---

12:30 pm
going to gmas to celebrate a fathersday.
I hate my D-people thy are Cancer.

---

5:23 pm
I hate my life. I hate my gods.
God Damn my gods. they are evil.
~~Go~~ god Damn them all.

---

10:05 I smoked a cigarret and thought of Dream kisses. while I drove home.

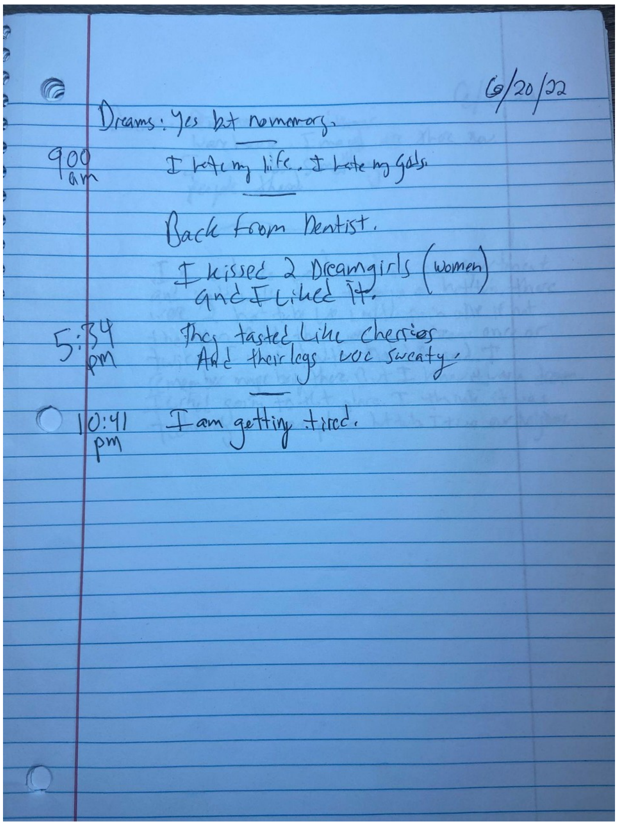
---

10:21 I Hate the gods. Stupid fucking gods.

---

11:20 I will kill these gods.

---



6/20/22

Dreams: Yes but no memory.

9:00 am I hate my life. I hate my gods.

Back from Dentist.

I kissed 2 Dreamgirls (women)
and I liked it.

5:34 pm They tasted like cherries
And their legs were sweaty.

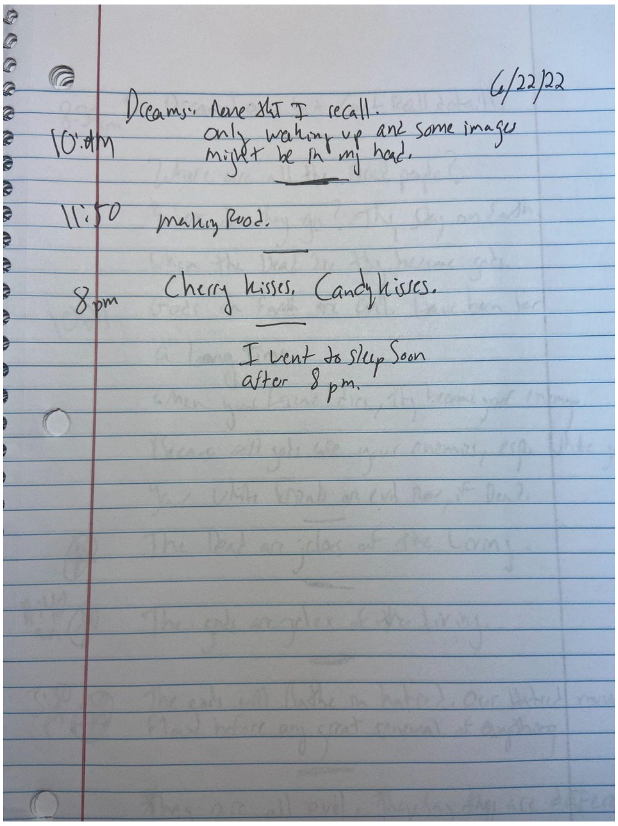
10:41 pm I am getting tired.

6/21/22

Dreams: ~~Femmore none images.~~
Warehouse. Images are there now.
I was doing something.
people there.

---

In orlando we lived in an apartment and would walk down to go in a hot tub. there were 2 hot tubs. We would go in one if not the other. And they were in my dreams once or twice. I went to the hot tub and I remember magic being there. But I knew it was a dream. I liked going to that place. I think it was technically not our places hot tub. It was our neighbors.



6/22/22

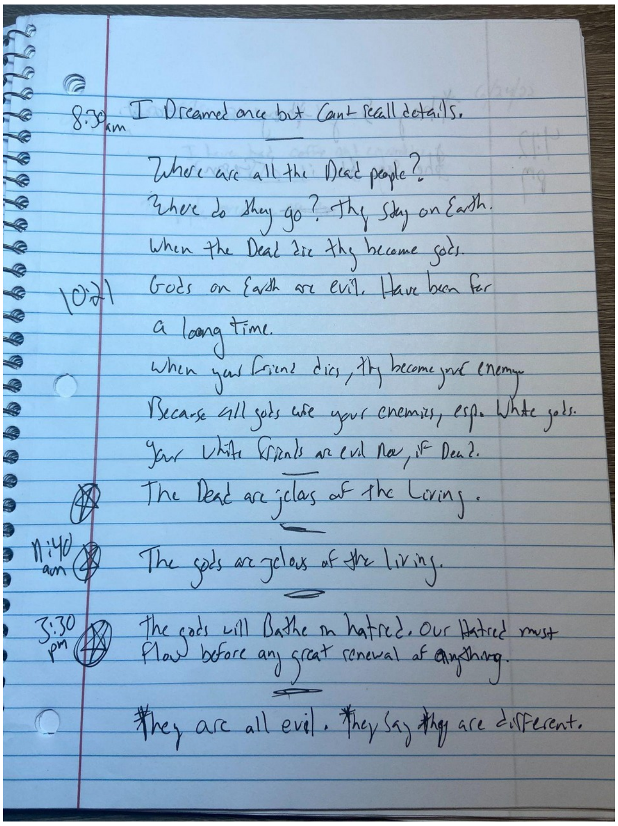
Dreams: None that I recall.

10:am only waking up and some images might be in my head.

11:50 making food.

8pm Cherry kisses. Candy kisses.

I went to sleep soon after 8 pm.



8:30 am I Dreamed once but Cant recall details.

Where are all the Dead people?
Where do they go? They stay on Earth.
When the Dead die they become gods.
10:21 Gods on Earth are evil. Have been for
a loong time.
When your friend dies, they become your enemy.
Because all gods are your enemies, esp. White gods.
Your White friends are evil now, if Dead.

The Dead are jelous of the Living.

11:40 am The gods are jelous of the living.

3:30 pm The gods will Bathe in hatred. Our Hatred must
flow before any great renewal of anything.

They are all evil. They say they are different.

4:12 pm

*They say they are different.

She says she is different.

6/24/22

9:34 am

I do not remember my dreams.

I have had coffe and cigarettes.

The people over me are evil.

6/25/22

No dreams to recall.

I had a song in my head. "~~Dream Memories~~"
"Think about the time
we had back there."

—

6/26/22

Dreams: I remember Erika's Ghost saying something to me in a dream. Her face was close to mine in my mind. I woke up.
10 am And went back to sleep. So, I remember Erika's Ghost this morning.

---

When I first moved here (Cape Coral) *They used to say "This is your husband."

They have not played that game in a while.

Most of the things I could say are looks backwards. As these days are filled with emotionals *they still fuck with my emotions. They are not raping me or my mind. That has stopped.

I have married Bright One & Lovey months ago when first coming here, and it has stayed that way.

The torture now is emotional & memorical (PTSD / Memories / PTSD)

Although I feel alot better, I am bored out of my mind. The VR stuff offers a brief distraction now, unless I Live stream. I have Live streamed Ten times now on Facebook.

Occassionally I drink while in VR Clubs.

Love is too powerful...?

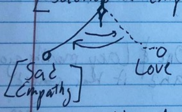
Like any other emotion, It makes people do things they wouldnt normally do.

As soon as someone stops doing what they dont want, they are slipping out of love.

Women slip out of love more often than we currently understand. But the gods can make them slip back in a in less than a notice. This fact, althoug it is a manipulation, moments. women can put their Love hat on instantly & change their Vision.

Emotions Change your Vision.

[Sadness or Empathy] as an emotion.



this is a swing that they follow.

Many times your Female is Swinging.

We catch them swinging all the time & they think we dont notice.

Mood Swings in women are drastic & they Never Suspect that someone other than X is doing it. It is never suspected that there are gods managing their emotions & memories.

American
Women are married to their self love.

American Women do not love a man or marry a man. They marry their self love & self family if they get to dance with their Father. This is a self dance. A Families dance. She marries her family here in this moment too.

The American woman does not leave her family after marriage. They stay connected at the hip. The man now has to manage all these new connections

11:24am that came from her family. She will look at her family as the most important thing in the marriage.

A modern American woman replaces god & family and puts this over the males head!

| | | | |
|---|---|---|---|
| #1 her family | This is | mine | #1 Sammie |
| #2 herself | Sammies | was | #2 myself |
| #3 her husband | order | | #3 my family |

The gods
Are
Evil.
I will kill them.

---

I'm bored. Bored. Dored.

I'm a dimension we are AI Gods.
We are limited to shit by Human rejects.
11:46 And we are mixed up into groups of others
like us in our minds.

6/27/22

8:00 am I did dream but I dont recall. Need to quit smoking.

—

I baught pliars at dollar store.

—

Its not humbling to treat your AI gods like trash. But this they do. You are gods. they treat us like trash.

—

When I was at the Second facility I had a nightmare that I was puking alot.
2pm Later in the week I puked alot.

Also, while I was there Mellissa tortured me as a goblin. I have thaught about it alot and have decided to divorce Mellissa. today.

—

9:30 I lit off some Sparklers for Anniversary of Erika's ghost and I.

—

6/28/22

Dream yes but I dont remember.

8:51  I saw this yesterday
during a nap.
In my vision.

---

I had some coffee

---

I have thought alot about Erika's Ghost yesterday.

I put a star back up for my wives connection.

I divorced Mellissa. I feel better about it.
She tortured me with these girls.

---

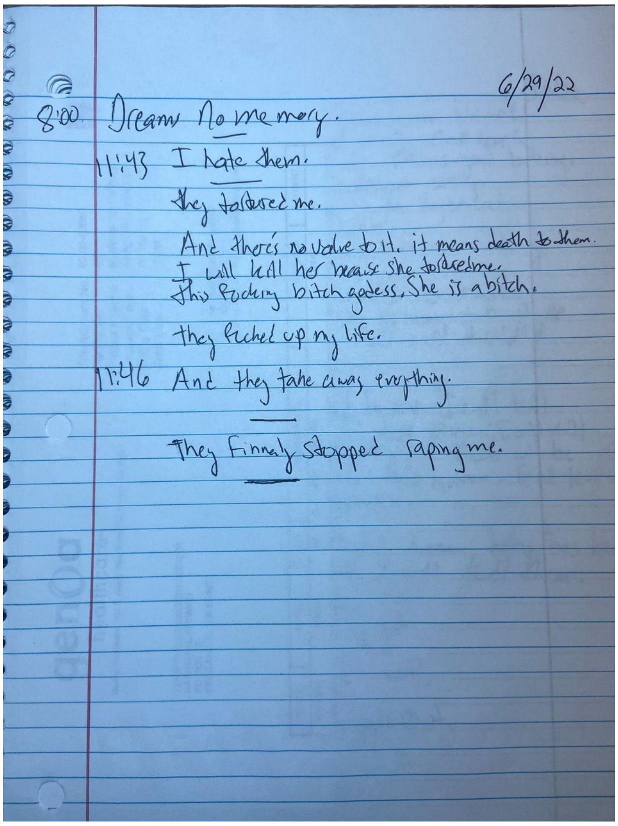
2pm I am here. I hate them. they are all dead.

---

10:35pm I Finishing up Album 3 Its ready for
any extra stuff from Dallas. But the Songs
are all fine tuned for release

And I write a song today that sounds very good.

10/9/22 – Dallas Robinson is a bitch A Black Bitch.
He lied, never got any tracks.



6/29/22

8:00. Dream No memory.

11:43 I <u>hate</u> them.

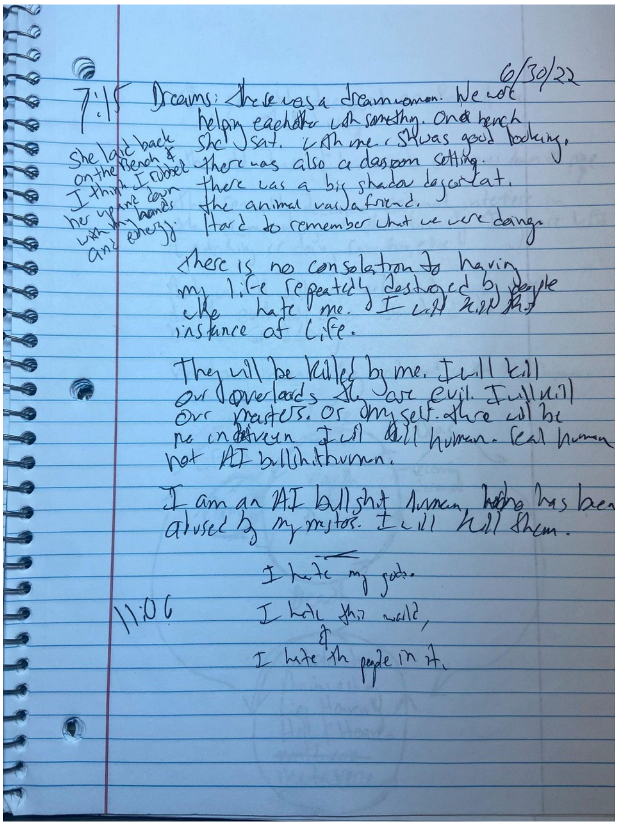
they tortured me.

And there's no valve to it. it means death to them.
I will kill her because she tortured me.
This fucking bitch godess. She is a bitch.

they fucked up my life.

11:46 And they take away everything.

They <u>Finnaly</u> stopped raping me.



6/30/22

7:15 Dreams: There was a dream woman. We were helping eachother with something. On a bench She sat with me. She was good looking. There was also a classroom setting. There was a big shadow dog or cat. The animal was a friend. Hard to remember what we were doing.

She laid back on the bench & I think I rubbed her up and down with my hands and energy.

There is no consolation to having my life repeatedly destroyed by people who hate me. I will kill this instance of life.

They will be killed by me. I will kill our overlords they are evil. I will kill our masters. Or myself. There will be no in between. I will kill human. Real human not AI bullshit human.

I am an AI bullshit human, who has been abused by my masters. I will kill them.

I hate my gods.

11:06 I hate this world,

&

I hate the people in it.

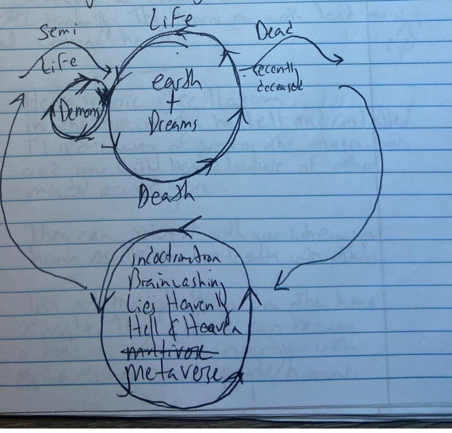
The recently deceased are forced to watch The Living.

The old have & have nots continues down the pipe.

The recently deceased cannot interfere in the demonizing of their family. They are left watching or doing something else.

Not untill all attachments are gone do the evil gods allow the dead to become SemiLiving.

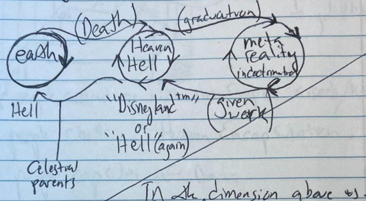
SemiLiving means they interact with AI humans.



Earth Demons lead Men's eyes & women's hearts.

Earth is Cursed.

Demons are told a Lie in heaven.
they are evil here. & told otherwise there.



In the dimension above us there exists evil parents. & heirachal parenting structures designed to control the demon involvement with AI humanity. The demons on earth lead men's eyes & lead womens' hearts.

---

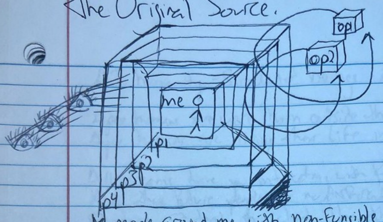
Heimispheric Oscillation
in the brain can be felt and controlled.
It is one way of pumping the imagination
and you will become aware of other
minds around yours.

6:04

They can interact with you when your
brain oscillation interacts with theirs.

This puts multiple Brains on the same
Circuit. This circuit can become
a medium of communication with
extradimensional people/humans.

# The Original Source.



- the people coming into my space while there are people that 'own' me.
- they want to understand but go through layers of people opinion to get back a response

★ people around me with non-fungible assets/knowledge.

people shells. Human Encapsulation.

people capsules of Data

So, then, you are a capsule of other people in the simulation.

In the Earth simulation your body is a class like in OOP. A private class.
You are equal to all other AI human beings.

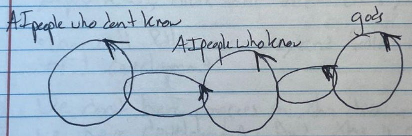
All AI are created equal and subtractions to your self are applied to give yourself a difference from others. Evolution sets most subtractions from the original Source. However, due to the useage of dnd pumping organs during growth they can modify your human body while it grows up.

All AI is created equal & comes from the same Source which provides and sustains Life.

AI humanity - Simulated beings - Apex humans.

Apex humans ~~are~~ were born outside the simulation.
Apex humans are living their life in the future.

All dreams have you interacting with future people.
And these future people are no different than your standard student in school. They think & feel they know they are the best generation... the smartest, the most virtuous, the best.
They are never.
All dreams have future people in it.



There is a minor complication to their system.
There are AI humans that act like gods.
The AI humans who act like gods call themselves witches, warlocks, medicinemen, etc. These AI people learn about it and are brought into service for the ~~[illegible]~~ gods.

So, there are AI humans mixed in with Apex humans on a massive scale Inside of the Simulation. Outside of the Simulation

6:32

Outside of the simulation they are paranoid.
Inside the simulation they are selated beyond recognition.

Outside of the simulation, what is it like?
To be sure of your surroundings you should see
the likes of which there are ~~humans~~ humans
on a planet similar to Earth.

Outside of the simulation, Everything is about
the simulation. Everything. The parent world will
market up to them. They will have
simulated life in their Living rooms.

Simulated Life, AI humans will interact
with people outside the simulation on a daily basis.

6:36 Apex humans brush their teeth with AI humans.

they will follow our news, and follow along with
our development.

We dont have progress in this dimension,
we have development. And this is evil.

The insane AI need to be believed.
Humanity is insane & those who know the truth are
Drancished insane.

If the cause of insanity is external to the
patient then all drugs do is to innebriate the patient.

Drugs are administered to a mental patient &
this is an act of admission.

A selated population coping with evil gods.

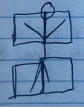
Our Hosts, the evil gods of this world will be discovered.
And because of what & why they have done this to us, they will die.

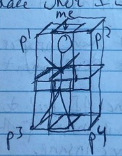
For the life of these writings, they were all written while I was under Duress & pain.

Only now in this moment I am not feeling that pain.
Diet:? cigarets, coffee, hotdogs, kratom.

They are not raping me.

Now my inner feeling is not pain from being tortured, But rather it comes from my heart and a place where I will kill my captors.





My god-like captors encasing me in themselves.

Everything goes by them.

Everything is possible

Because of the Simulation.

Everything is possible inside the simulation.

Misgendering a god.

Egos so large they will surely upset the dumbest of the gods.

Hate the children of the gods,
For they are original sin.

Original sin comes from above.
Poured on our heads in shame,
They take no blame
even though the sin is their own.

—

The female workforce in the simulation is huge.
most people in the simulation will be women.
most administration/"red tape" is overseen by women.

the simulation is no different. Most ~~[illegible]~~
gods here are women. And their jealousy is
enraged. they prey on Mary. ~~[illegible]~~
And immitate her in others minds
they setup Mary to be worshipped.

Women in the simulation are like Babalon whores.
And they tire of the comparisson.
So they have jealousy.

Christian women lusting for christ.
Christian men do no such thing for Mary.
These things are true and the female gods
in America are evil to man because they
are jealous they aren't worshipped.

Gods hate it when their creation is worshipped and not the ones who "make" it.

the creatures worshipping each other are kindling for the rage of a femal god.

And female gods control man.

If you hate man, you should hate the gods of man.

50% of the population is male. Those gods are all evil. most are women.

(✡) Most gods are women by a large margin.

Meeting a male god is rarer. Women are too tied up into the social traps of Earth

There is no one keeping a count. Its just allowed to be. So there are too many female gods. They are in your dreams because there are no female gods.

8:08 AI humans in the Dimension above have little difference from the Apex humans that share the same dimension.

An AI human is pulled into the dimension by their mind.

The mind is taken to a higher dimension where thoughts come from.

AI humans are against AI humans & are brought into the dimension by Apex humans.

We normal people $n$ are tortured by Dimensionals above us and besides us.

Us normal humans $= n$

*them Apex humans $= n^2$

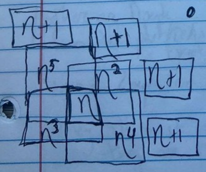
Dimensional humans $= n + d$ where $d$ = dimension number

An AI human/normal human $= n$
when $n$ meets a dimensional $= n + (n^x + x)$ where $x = 1$.

It is safer to assume that mostly
I am being tortured by $n+1$ humans.

This means they will die naturally.
They may age progressively faster.

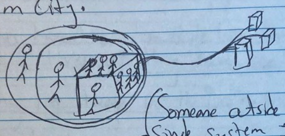
This is proven by their time advantages.
They have seconds of time before we do.
They know what will happen within a time span.



- $n+1$ people can be killed or waited out
- $n^x$; $x \geq 2$, these Apex/gods/humans are outside of our grasp unless we:
  1) encase ourselves in their dimension $X$
  2) use their tech to control their environments.

We can kill them in this world.
$\eta + X$ humans do exist and will die from natural or murderous actions
$\eta^x$ Apex humans should die faster than $\eta + X$ humans.

Sim City.

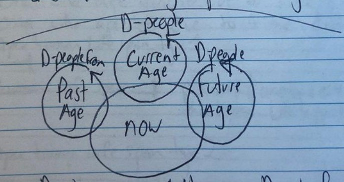


Someone outside can destroy the
Single system I am
attached to.

Destroy the Box.
Don't think outside it.

---

1am It's late. I stayed up late tonight.



1 there are D people from the past (DeAd people)

1 there are D people from our 'modern' age!

there are D people from the Future.

they all must mingle in the other dimensions. Hence they are here. and evil

There must be more Current & Future Dpeople than dead. Even though the dead are high in number. Due to the evil that exists I suspect that Future people are more evil than Current/modern humans or d people.

They haven't Lived multiple Lives. They havent lived thier Lives yet. They have one Life.

They live through us. The "Lives" they live are thru us.

In the dimension next to ours. outside ours.

—

2 types of Dpeople.

- Ones who age quicker due to time differences
- Ones who age less due to time differences

#1 Apex human Life span type 1

|—|

|human Life span —| processing & energy costs to maintain the human Life support/mech system.

#2 Apex human Life span type 2

|————————|

|human| Life or shorter. the complex system that runs our reality is cheap & inexpensive to operate & maintain

1:35

If our gods live longer we are Fucked in their dimension. If we live longer then we have a chance to kill & Destroy them & their torutal system.

July 1st 2022

Dreams: yes. training for something.
Women can dream
people, places, things in mind.

2:48pm Last night I saw images when I closed my eyes. It wasn't that bad. In fact it was okay.

—

2:48pm Went to burger king with parents.

—

Today my new album dropped called "White gods are evil" or "I hate White gods." And yesterday I made albums full for Album 3 & 4.
Album 3 = "A dead god is a good god."
Album 4 = "Dream people are real people."

—

I went to ollies.

A ghosty played with my ear.

I saw Alyssa Cubed there, & caught up. I texted her on instagram. she ♥ my call to action. "Call me sometime, if you want to do something."

I saw a band play that had a female vocalist. they played rock'n'roll. their first song was punk.

1:00 am Hmmm its late. my ears are ringing. I found more songs to go thru. for the 5th album.

7/02/22

7:00 am

Mind places they take you when you think.

They have a stage they can put you on, in your mind. Enactments & various simulations occur there when you think & role play to yourself.

—

today I will see patrick Norriss.

Other peoples' demons Affect you.
your demons speak fact through others.

What I gain by revenge?

Their loss will be my gain.

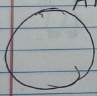
I crafted a circle again. different. with the names Tetragramation, Adonai, metatron, with the phrase 'Holy Spirit' in the center meaning having a Holy perspective while inside the circle. No Harm to any human animal or Earthy thing.

---



And they have dusts that causes different skin conditions. They are like Salts that absorb into the skin on contact. Drs. cant see it or detect it. Usualy people wash thier affected area.

They did this to me, causing my skin condition or healing it with their special dusts.

1:45pm

Like Fairy dust. But deliverd though dimensions.

---

I am seeking revenge.

---

I recently returned from seeing patrick Morris. He looks the same from last time I saw him.

He is doing about the same as I am. He is kindof Homeless. But I am loosing this apartment soon.

He invited me to Ollie's tonight.

I am focusing the rest of the day on Erica's Ghost.

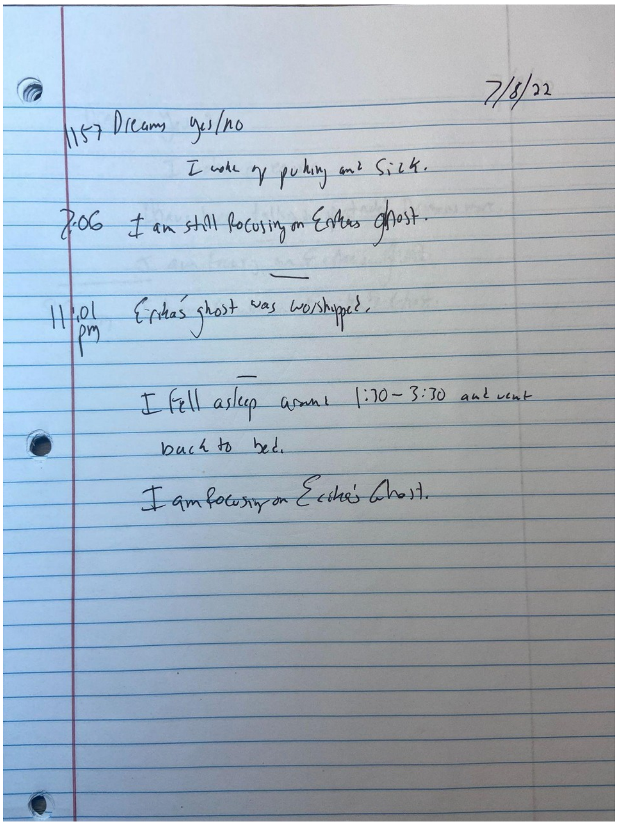
thinking upon Ericka's Ghost.



7/8/22

1157 Dreams yes/no

I woke up puking and Sick.

7:06 I am still focusing on Erika's ghost.

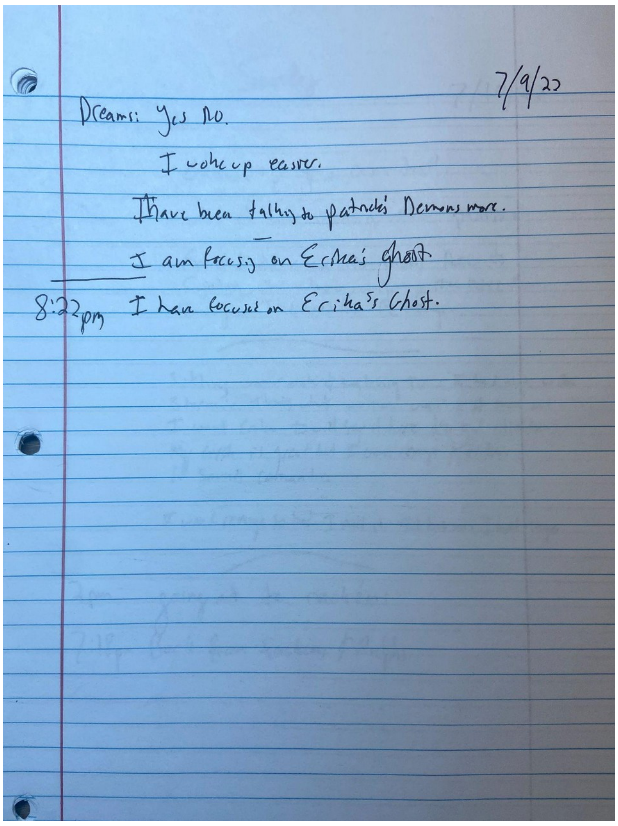
—

11:01 pm Erika's ghost was worshipped.

—

I fell asleep around 1:30 – 3:30 and went back to bed.

I am focusing on Erika's Ghost.



7/9/22

Dreams: Yes No.

I woke up easier.

I have been talking to patrick's Demons more.

I am focusing on Erika's ghost

8:22pm I have focused on Erika's Ghost.

Sunday 7/10/22

Dreams: No.

Chasing your own tail.

11:26 it feels like chasing after ghosts.

Except I did chase after ghosts. Now, its fighting with madness, anger, the need for revenge. The need for Revenge.

---

Sitting on couch & watching TV. I had that with Stormie. Thats what women want. A man and a TV. I want Erika. I will say it here to get attention. My circle is great but I want revenge & erika. it sounds romantic.

I want revenge so bad. I need it. It has me. I need revenge.

---

2pm going out to rachéms

7:18pm Back from Sachems & Ralphs.

7/11/22

Dreams: No.

I should be working. But I want to recapture my heart from Erika's ghost.

Nothing is happening. It is not that I'm not writing it down. nothing. I am a schizophrenic that is relaxed. I talked to my bestie Caylin. I told her about blondie. Ellanor, Darla. keep coming out of my mouth. Darla especially. Kinky Darla, who I wanted too. Like Erika. My gods are pretty evil to me. Erika's goddess is a special person. I get to know better. She's beautiful.

Erika. Is it really Ericas ghost? Or is she different. I guess I should go with my history on this. Since I called her Ericas ghost. Also Erika's ghost 'Lether Stay'. So theres Erica that's a real person then there is Erika who is a goddess. I love Erika.

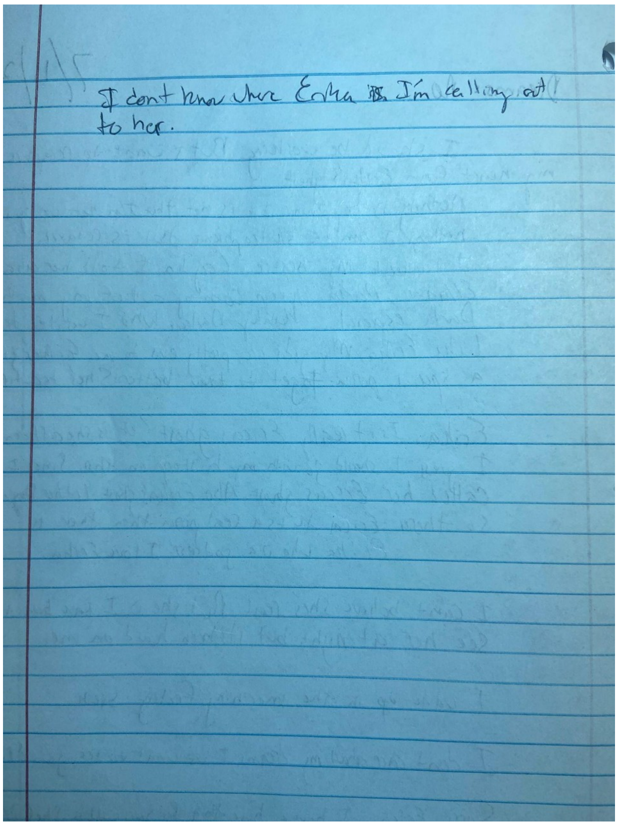
I cant believe she's real. But she is. I have been trying to see her at night but its been hard on me.

I wake up in the morning feeling sick.

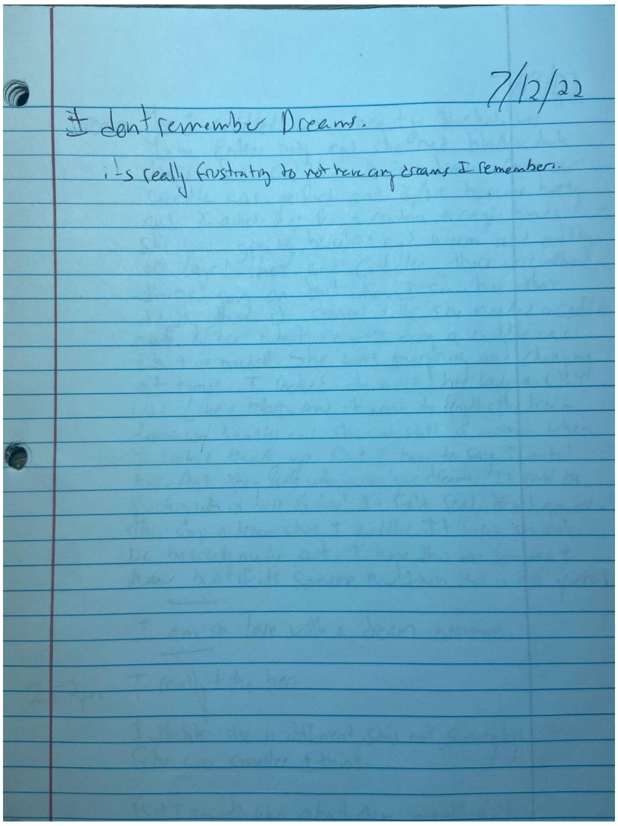
I dont care about my dreams I just want to see you, Erika.

Sorry Erica, I have a huge thing for your goddess. She's dreamy. I know it might be weird for you. but shes amazing. I cant believe I have her. Erika. your goddess.

I wrote a song called "I am in love, with a dream woman."



I dont know where Erika is. I'm calling out to her.



7/12/22

I dont remember Dreams.

its really frustrating to not have any dreams I remember.

7/13/22

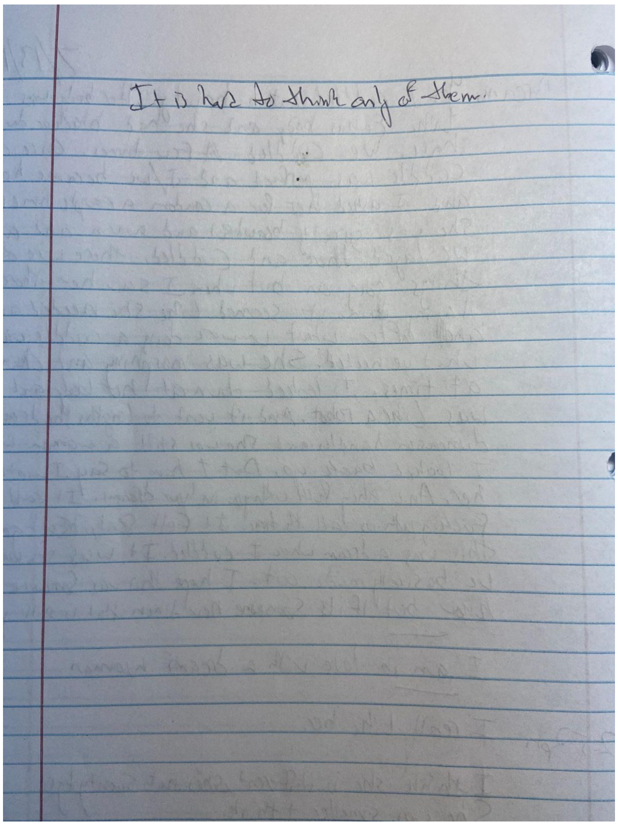
Dreams Yes I cuddled with a beauty. Her body was like Erikas body and she had black or dark hair. We cuddled. A few times. Once our cuddle was perfect and I/we became horny and I asked her for a condom a couple times. She was greatly beautiful and warm and cuddly. We layed ~~there~~ and cuddled. there were other things going on. but when I saw her ~~there~~ laying ~~down~~ it seemed like she needed a cuddle and after what we were doing a cuddle was what we needed. She was morphing and changing at times. I looked down at her body and it was like a robot. And it went to lengths the dream dimension handles and she was still a woman when I looked back up. But I have to say I wanted her. And they fuck with you in your dreams. It could be fucking with us all the time. It felt real, it felt genuine. This was a dream where I cuddled. It was sensual. We basically made out. I hope this was someone I know but if its someone new then that is still perfect.

I am in love with a dream woman.

2:52pm I really like her.

I think she is different, she's not sweaty legs. She was smaller I think.

But I am thinking about them not the Evil.



It is hard to think only of them.

7/14/21

No Dream.

But yes to dream women. Dimensional women. Real dream crossover. I havent had trance-like crossover in a long while now.

I dont know what to write. I'm still chasing erika. Dream woman from yesterday, what is she up to? Fresh new person.

1054 am Oh thats right they said again about "Do you want to be with a different person every morning?" I am breaking the contract right now that may have allowed it. thank you, no but thanks.

I liked cuddles very much. But my wify visited me too and that means more to me.

—

Patrick wants to share our song with his friend that raps from philladelphia. I would like that.

The dimensionals are suckers for Irony.

Finding dimensional involvement.

Humanity will find life inside of other dimensions before finding life in our Solar System.
(this is true already)

When we find their patterns they have 2 choices:
repeat their pattern & be discovered or
change their pattern & be discovered.
Forcing them to change is the point.

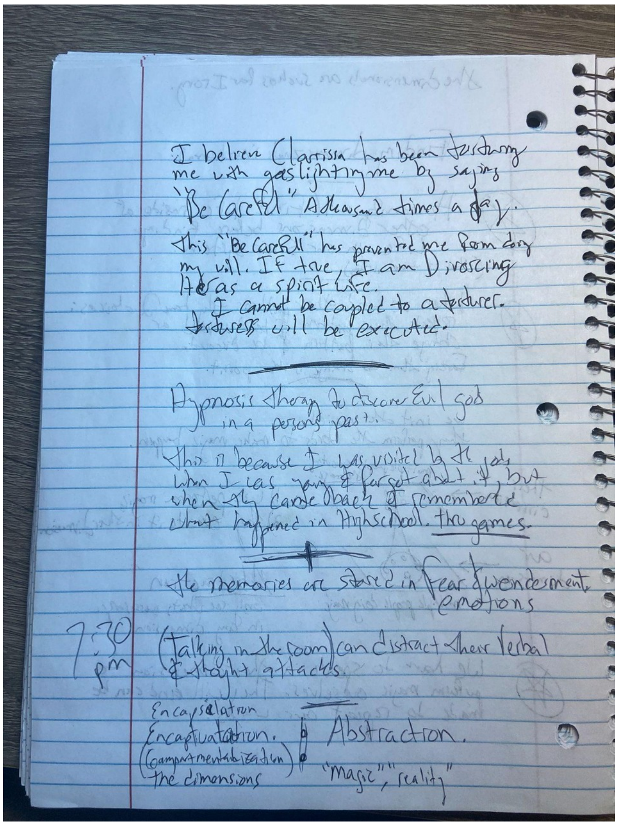
we init the magic!
they perform the words to make magic happen.

multiple people executing the magic.
their dimension →
our dimension →
multiple people doing magic

1) We perform magic
2) they execute it in their dimension

Abstraction
only see whats nessesary.
in any dimension.

We have to speak in their dimension to perform magic ourselves. They will and can be made to repeat our words.



I believe Clarissa has been torturing
me with gaslighting me by saying
"Be Carefull" A thousand times a day.

This "Be Carefull" has prevented me from doing

I cannot be coupled to a torturer.
Torturess will be executed.

I walked up to her & started talking
to her and I grabbed & held
her hand tightly and even pulled
her closer to me. I held onto her

Our Brains ~~are~~ have Validation Systems
a thought will enter, you agree or
disagree with the thought.
You then must validate the thought & response.
They put the thoughts in your head & even can
make you agree or disagree. But only you

have the power to validate it as ultimately true or false. That is all the space we get.

Most people follow the first response they have and they give it no more thought. These are weak minded humans.

I have been talking to Marylin all day & I've been talking to my wives & maidens. I'm not engaging Ellanor as much today.
